**Animal Protectors of Allegheny Valley** asks that you think seriously about the decision to adopt a dog or cat and to take the following facts into consideration:

- Pets can live 15 years or more. Are you willing to provide a home and care for this pet for its lifetime? I can take 2-3 months for any new pet to integrate into your home/family.
- Pets need annual veterinary visits for physical exams and to up-date immunizations and rabies. The visits can cost up to \$200. You can be fined if your pet does not have a current rabies shot. Accidents and illness can occur at any time and you must be able to cover the cost of vet bills.  
Are you willing to provide this care to your pet?
- Dog licenses must be renewed annually or you can be fined.
- Dog owners must have control of their pet at all times. You must obey the leash and animal control laws of your community.

What will you do if you find you are no longer able to care for this animal for any reason? \_\_\_\_\_
